

Our ALO Service

Securing survey access

Our team of experts have been working on a major infrastructure project to secure access for surveys on private land as an initial phase of a large scale CPO.

Over **12 months**, our team of Land Officers have:

1,191 Agreed access for 1,191 area wide surveys under Notice

3,301 Agreed access for 3,301 ground intrusive surveys

2120 parcels

401km

Carried out site assessments on 2120 parcels for a proposed programme of 401km of fencing.

Resolved 95% of generic survey access refusals

95%

352

Completed 352 pre-possession meetings and subsequent successful possessions

Produced 195 Farm Packs and Accommodation Works schedules for the client

195

100%

250
Sites

Agreed access for 250 sites (100% of the required areas) for Archaeological trenching surveys within a programme critical 5 month window.

We are dedicated to increasing efficiencies on large-scale Nationally Significant Infrastructure Projects, to help build a sustainable future.

Rise to the challenge. Engage with our energy and determination. And together let's shape a positive outcome from the crisis.
